

Sr.	Tasks
1	Demo screen
2	Signup screen - Apple - Google - Facebook - Email
3	Signup screen (Email) - Name - Email - Phone No. - Password
4	Login - Id - Password
5	Splash screen with all the services they offer (3)
6	Help & support screen
7	Account setting Billing & payment Sensor management Preferences & customizations Sensor settings
8	User profile (view & edit) - Name - Email - Address - Contact information - Select language (Arabic, English)
9	Account setting - Password changes - Notification settings - Language preferences.
10	Billings & payments - Subscription details - Payment history - Bill Preference (change billing method)
11	Customized reports - Consumption trends - Cost estimations - Comparisons with previous periods - Report will also be generated monthly and weekly basis
12	Sensor management - Add sensor - Modify sensor - Cancel sensor
13	Preferences & customizations - Units of measurement - Setting usage thresholds - Enabling specific AI features
14	Sensors settings - Sensor-specific setting - Input tank dimensions - Number of tanks - Home size - Pump malfunction monitoring - Occupancy details

15	<p>Home page (5 sections)</p> <ul style="list-style-type: none"> <li>- Sensors result (swipe card form)</li> <li>- Divided into 3 (Sensors &amp; analytics, 3rd Party delivery &amp; settings screens)</li> <li>- order fuel, water, or gas quickly (the icon to redirect on 3rd party screen)</li> <li>- Show multiple sensors to buy or icons to redirect to the sensor subscription screen</li> <li>- Saving tips &amp; related articles</li> </ul>
16	<p>Sensor &amp; analytics screen</p> <ul style="list-style-type: none"> <li>- Users can slide right or left to see the different sensor data.</li> <li>- Summary of their Sensor data history (past tank levels, consumption patterns &amp; usage statistics. Historical level data will be presented in graph format.)</li> <li>- Consumption and cost patterns in graph format</li> </ul>
17	<p>3rd Party delivery screen</p> <ul style="list-style-type: none"> <li>- While ordering a specific delivery service user will see the related info of the sensor.</li> <li>- If the user is paid the delivery services can be automated.</li> <li>- Calculations will be displayed while ordering the services.</li> <li>- if the user is free they have to order delivery services manually.</li> <li>- For ordering the water user will need to request the quote but the user can directly buy the gas &amp; fuel</li> </ul>
18	<p>Sensor subscription screen (shop screen)</p> <ul style="list-style-type: none"> <li>- User can see all the sensors available for rent.</li> <li>- After selecting the specific sensor the detail screen will be open with the sensor image.</li> <li>- User can add their choice sensors and proceed with checkout</li> </ul>
19	<p>Check Out</p> <ul style="list-style-type: none"> <li>- Apple Pay</li> <li>- Google Pay</li> </ul>
20	Search friend users email and send friend request
21	View sent friend requests and accepted requests list
22	View other user's profile details screen
23	View other user's sensor informaiton screen
