## Additional Skills

- Playing accompaniment for instrumentalists in concerts and exams

- Experience in online teaching
- Teaching children with special needs

## **Education**

2017 - 2019	Mykola Lysenko L'viv National Music Academy, Ukraine: Master's degree in Music
2014 - 2017	The Karol Lipinski Academy of Music in Wroclaw, Poland: Bachelor's degree in Music (Prof. Jan Kubica)
2011 - 2014	Music school under Mykola Lysenko L'viv National Music Academy (Prof. Natalia Gramoteeva)
2002 - 2011	Lviv specialized music boarding school named after Krushelnytska (teacher-methodologist Lubov Rzheshnivetska)

Started to play the piano when was 6 years old. Early success in my piano performing career was participation and making it to the finals in the 10th international competition Michael Stricharz Wettbewerb in 2005.

In the same year had a debut performance with the «Lviv virtuosos» chamber orchestra in Lviv Philharmonic Hall.

Had numerous concerts in Lviv and Wroclaw as a soloist and accompanist, performing in various styles modern and classical.

As a music teacher, I started my teaching career quite early during my university years in Poland and Ukraine. In Poland, I started with my first private students (2014-2017) and later moved back to Ukraine for studies for my 2-year Master's Degree course and continued my teacher's journey at the «Children's music studio» run under the Lviv Music Academy (2017 - 2019) which was supervised by professors of the Academy. After graduating, I successfully continued my teaching career in UAE and Ukraine.

I taught my students various pieces with different levels: from the basic songs for beginners to the advanced level repertoire including Inventions by J.S. Bach, classical and romantic pieces, etudes by K.Czerny and 20th-century Japanese composer Toru Takemitsu. I also successfully prepare my students for ABRSM and TCL exam boards up to Grade 8.

## **Language Skills:**

English: Good

Polish: Good

Russian: very good

Ukrainian: mother tongue
